

Jim Moore
President and Co-Founder

Mr. Jim Moore brings extensive experience in the energy field to his position, having spent more than 35 years with Enserch Corporation, the parent company of Lone Star Gas Company, the large natural gas utility serving all of north-central Texas. Mr. Moore served in a number of executive management positions within Enserch, all of which involved natural gas activities. The last several years at Enserch he managed a diverse group of companies involved with the gathering and processing of natural gas into its several constituent hydrocarbon components and the generation of electricity with natural gas-fired turbines. His last executive management position at Enserch was as President of the Alternative Fuels Division of Lone Star Energy Company, which included the conversion of over 5000 petroleum-powered vehicles, both light and heavy duty, to natural gas and the construction and operation of more than 30 CNG and LNG fueling stations. Mr. Moore is a graduate of Texas A&M University with a BSME and achieved the rank of Captain in the US Army upon (or after) graduation. He participated in the Harvard Business School Advanced Management Program while at Enserch, has served on the Executive Committee and the Board of Directors of the national Natural Gas Vehicle Coalition, and as President and a member of the Board of Directors of the national Natural Gas Processors Association. Mr. Moore was the first recipient of the Department of Energy's, Clean Cities National Partners Pioneer Award, is currently a member of NGV America, formerly the national Natural Gas Vehicle Coalition, and currently a member of the Board of Directors of the California Natural Gas Vehicle Coalition.
